

Belt-Driven (Two-Stage)

V-55100

V-55150-3

V-55150

Features:

- 12.5 high-pressure, heavy duty, oil lubricated, low maintenance operation.
- Cast iron pump and advanced technology of air-cooled system design for longer working life.
- Equipped with pressure regulator, pressure gauge, quick connect air outlet, safety valve, and on/off switch.
- High efficiency to supply enough compressed air.
- Various pumps can be matched with different size of tank capacity.
- Low oil consumption
- Low RPM, low noise

Model	V-55100	V-55150	V-55150-3
Engine Model	Honda		Motor
	GX160		Victa
Horsepower	5.5	5.5	1450 RPM
Air Delivery Rate (L/min)	360	300	600
Tank Capacity (L)	100	150	
Pressure (bar)	8	12.5	
Voltage (V-Hz)	220V 50Hz		415V 50Hz
Rated Speed (RPM)	1500		1450
Piston Diameter (mm)	65		(2)80/(1)65
No. of Piston	3		
Travel (mm)	48		70
